BAER'S COMEBACK FAILS

Shingle Mine Is Repairing Cave-In Loss

Huge Pipe To By-Pass Creek Across Flood Area

Unwatering of the Big Canyon mine of the Mountain Copper Company at Shingle Springs, closed several weeks ago by a cave-in which flooded the property, is to be undertaken within the next two weeks.

This is according to J. M. Basham, superintendent of the property, who informed this newspaper by telephone Wednesday afternoon that milling will not be resumed before June 15.

Ten or twelve men are now at work, he said, endeavoring to cut off the flow of the waters of Big Canyon Creek into the mine.

It was when a cave-in "piped through" to the bed of Big Canyon Creek several weeks ago, that operations were halted by the flooding of the property.

Present work consists of damming (Continued on page 3)

LOYALISTS WIN TRENCH—This picture, taken during the recent Loyalist drive against the Rebels in the Madrid sector in Spain, shows Government troops firing over the top of an insurgent trench which they had just captured. Repeated gains by the Loyalists have been cause for joyous celebrations in all the shell-shattered streets of the capital city.

CHURCH HOLDS ANNUAL DINNER

Congregation Concurs In Recommendation For New Building

The congregation of the Federated church at its annual meeting on Wednesday night approved a recommendation of a joint meeting of the trustees of the Methodist and Presbyterian churches to the effect that the two congregations should look forward to the erection of a new Federated church building.

The recommendation was offered by M. E. Wright in his report to the meeting on the recent joint meeting of the boards of trustees. The trustees were of the opinion that the business affairs of the two congregations have reached a point where a merger of physical properties and the erection of a new church building is desirable.

It was pointed out that with a merger of the assets of the two churches, a new building can be erected with little or no additional investment.

In addition to Mr. Wright, C. E. Barker, president of the Presbyterian Board of Trustees, spoke on the question before the motion to concur was put. Mr. Barker's views were in support of the conclusions reached by the joint meeting of trustees and expressed by Mr. Wright.

There was no further discussion. The question was put and the motion carried unanimously, and instructions given to the Boards of Trustees, working jointly, to proceed with this end in view.

This was a highlight of the annual meeting which convened at 6:30 o'clock in the church parlors for a dinner served by the church women's society. Rev. Harold Morehouse presided.

A short entertainment program was presented under the chairmanship of John H. Palmer, offering the grammar school orchestra, directed by Miss Laura Ball, in several numbers; and a one-act play, "The Maker of Dreams," with Cliff Swesey, Jr., Billy Rupley and Colleen Clayton.

The business meeting, which convened immediately afterward, heard reports from various groups of the church, all of which noted increased activity and marked growth during the past year.

Rev. Harold Morehouse, reporting on his stewardship, noted that 15 new members have been received into the church in the past year. Two were dismissed on transfer to other congregations. Rev. Morehouse reported seven baptisms, 22 marriage services, and 58 funerals. He reported preaching at 156 church services.

477 Millions Strike Losses

Auto Industry Is Hit Heavily By Labor Troubles

By JAMES C. AUSTIN
United Press Staff Correspondent
DETROIT. (Copyright, 1937, By the United Press)—Four major strikes in the automobile industry since last January cost manufacturers, employees, merchants and the State of Michigan approximately \$477,000,000, it was estimated today while thousands of workers labored to restore production to near-peak levels.

A United Press survey showed that losses resulting from the strikes in plants of General Motors, the Chrysler Corporation and the Hudson and Reo Motor Car Companies included \$267,900,000 representing the value of cars scheduled but not produced and \$45,750,000 in employees' wages.

"Feeder" industries, which supply wheels, glass, instrument boards, bodies and other equipment used by the manufacturers, felt the pinch of the four strikes, and it was estimated that they lost revenues of \$136,900,000.

Mr. and Mrs. Charles B. Cedergren of Beverly Hills, here on mining business for the past week, have been stopping at Hotel Raffles. Mrs. Cedergren returned home Wednesday and was accompanied by Mrs. A. Neistrum, who will spend the week-end there with her son and daughter.

It is rumored that a bride at Coloma has proven herself possessed of remarkable strength. We shall hope that someone will report on this creature, whom Fontaine Fox would doubtless envy as more powerful than his "Powerful Katrinka."

Another rumor concerns a "fan dance," or was it "Little Egypt" returned to life, who appeared recently in Placerville?

The Arcade Bakery adds a new oven, the Robinson Pharmacy puts in a new and larger soda fountain, and Lindy's is closed for a thorough remodeling. Every day in every way we get bigger and better.

Eagle officers are off to Jackson tonight to meet with the Aerie there. And Friday our high school Cougars are off to Sutter Creek, for an important meeting from which they hope to bring home the Mother Lode League championship.

Here's luck to 'em and we're only sorry we won't be on the sidelines to yell out with the victory.

STATE HEALTH EXPERT VISITS

Inspector To Call On City Again In Near Future

W. O. Deal, sanitary inspector for the State Board of Health, was a Placerville caller during the week and, with City Marshall James Morton, visited some of our drinking places, restaurants and other places where food and drinks are sold.

Inspector Deal did not have time to complete his work on this visit and stated he will return again at an early date.

He was particularly interested in the precautions taken by various business places to sterilize glasses and other tableware in washing.

The inspection is one of the regular series conducted by the state health board for the protection of the general public.

Mr. and Mrs. E. Ogden Hook are spending a two-week vacation in the southern part of the state and at Boulder Dam.

Intervention Delays Rail Strike Plan

Crisis In Dispute Is Stayed 60 Days By Action

SAN FRANCISCO (UP)—A strike of 8,500 employees in the Pacific Division of the Southern Pacific Railway was postponed for a least 60 days today despite the fact that the trainmen voted virtually unanimously to walk-out at 6 p. m. tomorrow.

The postponement followed intervention by President Franklin D. Roosevelt when he appointed a three-man emergency board to investigate and report to him within 30 days.

This would postpone an actual strike for at least another 30 days because under the National Railway Labor Act no strike could be called for 30 days after the board submits its report.

Those named to the emergency board were Dr. Dexter Keezer, president of Reed College, Portland, Oregon; Charles Kerr, an attorney from Washington, D. C. and G. Stanley Arnold, a San Francisco attorney.

Appointment of the board followed notice sent out by C. V. McLaughlin, (Continued on page 3)

YOUTHS' HALL IS UNDER WAY

Community Structure Is Going Up On City Lot

Erection of the Junior Community Hall, sponsored by El Dorado Post No. 119, American Legion, and endorsed by various other city groups, is under way on a portion of the city playground area on Benham Street.

The project, broached last fall, is being advanced under the supervision of a community committee, and has reached a stage where the probable size and future service of the building is indicated.

The main room of the building will be 22 by 40 feet with the front entrance in the middle of the long side. At the rear will be a 14-foot addition extending the length of the back of the building, which will house a kitchen, locker (Continued on page 3)

COUNTY TAXES ARE NOW DUE

April 20, Tuesday, Is Last Day To Avoid Delinquency

The second installment of county taxes will become delinquent at 5 p. m. on Tuesday, April 20.

In calling attention to the approach of the date of delinquency, George M. Smith, sheriff and tax collector, said Thursday morning that collections are coming in in good shape and that a recent check-up showed that the taxes at this time are about 85 per cent collected.

The 15 per cent outstanding, the sheriff said, includes some larger amounts which are certain to be paid before the books close and the prospects are that delinquencies for the year will be at a very low figure, perhaps as low as three or four per cent.

Sections to gravel mining localities expected to be benefitted by this project.

It seems quite probable that as yet not much interest has centered on the project, aside from sections directly affected. However, its construction at last report from Washington seemed assured and a beginning was announced for mid-summer. This would bring some action quite soon now.

Coronation Curiosities

By Harold S. Corbin

DECIDING WHO'S WHO

Copyright, 1937, United Feature Syndicate, Inc.

For weeks approaching King George's coronation, the English Court of Claims has been meeting to receive and hear applications from many wealthy and titled persons to perform the traditional services to the monarch. Expensive lawyers have submitted written and oral arguments for their clients, and sometimes the debates of rivals for the positions have taken an acrimonious turn.

The Court of Claims is almost as old as the traditional services.

Up to the time of Henry III, or about 1236, the Court of Claims was only a

Lord Chief Justice Hewart presides at the Court of Claims

rudimentary court. About that time, however, feuds flared up among the nobles over such matters as who should carry one of the three famed swords, who the golden spurs, and so on. Kings were beginning to awaken on coronation mornings to find a first-class political brawl on their hands, contrary to the peace and quiet a monarch could reasonably expect. Henry particularly asked his gentlemen to call it quits until after Easter. Then he hastened to set up a commission which, by the time of Richard II about 100 years later, was quite well established as the Court of Claims.

The Court has convened once in almost every generation since. An old manuscript providing for the coronation of Henry VII, in 1485, reads: "There is required manifold great and humble services to be done as appertaining to the kings most royal person and estate." Several noblemen are named to "hear and determine every man's right in that behalf."

Among notations of the Court of Claims of Richard II, one William de Bardolf was granted the office of making for the king "a mess, which is called dilgrunt, and if fat be added, then it is called malpigerum." But the serious William hired an expert to make the mess for him—and he had to get permission for that, too.

TEACHERS MEET FOR DINNER AT H. S. BUILDING

The county teachers association held its April meeting on Wednesday night at the high school building, opening with a delicious dinner served by members of the Girls' League at the high school. The net returns from the dinner will be used by the League to swell its scholarship fund.

President Kenneth McCoy conducted the meeting which divided, following dinner, into twelve groups for discussions on teaching methods in various subjects.

The departmental chairman were as follows: Reading, Ursula Hogan, chairman; Music, Muriel Hermle, chairman; Health and Physical Education, Inez Bloom, chairman; Social Studies, E. K. Gowdy, chairman; Arithmetic, Harry Reese, chairman; Art, Lyda A. Cridge, chairman; English, Robert Ramsey, chairman; Science, Anna Thomas, chairman; Manual Arts, Irvin Johnson, chairman; Domestic Arts, Sybil Crocker, chairman; Spelling, Anna Fitzgerald, chairman; Writing, Virginia Barnett, chairman.

Welshman Is Winner In 12 Round Battle

13,900 See Livermore Lad Outfought By Farr

LONDON (UP)—The "serious" comeback of Maxie Baer ended tonight before 13,900 amazed fans at Harringay arena when Tommy Farr, 23-year-old Welshman who holds the British heavyweight title, scored a startling victory.

Farr, whose title was not at stake and whom Baer was picked to stop within five rounds, held off the former world's heavyweight champion with his long left throughout the bout and had Max on the defensive most of the way.

Judges gave Farr four rounds, Baer three and chalked five rounds as even.

Baer weighed in at 211½ while Farr weighed 198.

In betting, before the bout, Farr was the underdog on three to one odds.

Baer was guaranteed \$22,500 for the fight, free from income taxes, while Farr's share will be something in excess of \$10,000.

BERRY ATTENDS LUMBER PARLEY

Camino Man Delegate To Washington Convention

Mr. and Mrs. Swift Berry returned to El Dorado County Tuesday following a two-week trip which took them to Washington where Mr. Berry, manager of the Michigan-California Lumber Company, was a delegate representing the Western Pine Association at the annual convention of the National Lumber Manufacturers' Association.

Mr. Berry reports he was especially interested in the discussions relating to forestry practices, which were reviewed thoroughly by the convention. These concern chiefly rules which the industry has formulated voluntarily for the encouragement of what are deemed the most desirable forest practices from a standpoint of permanent lumbering operations.

They relate to cutting so as to leave the younger trees undamaged, fire protection practices, slash disposal and kindred matters intended to lead the industry in a co-operation with the federal and state forest agencies designed to promote the welfare of forest and timber areas.

Such practices in California are suggested by the California Pine Forest Practices committee, and are carried out by the progressive lumbering industry.

Camp Fire Girls To See Calaveras Grove

The Iwa Camp Fire Girls, at their meeting last Saturday, accepted the invitation of the Camp Fire Girls of Sutter Creek to join them Saturday of this week at the Calaveras Grove of big trees.

The Iwa girls will leave early Saturday morning for the big trees.

At the meeting last Saturday the girls accompanied their guardian, Mrs. W. A. Rantz, to the ranch, and there learned how to cook on rocks.

Arcade Bakery Adds New Oven To Plant

To meet the needs of increasing business the Arcade Bakery is this week installing a new oven. The new installation, purchased recently, will be in addition to the oven already in service, and is expected to be ready for service within the next week.

DONATES TROPHY

PITTSBURGH (AP)—Arthur E. Sheldy donated a trophy for a mixed pair bridge tournament. Then, with Mrs. H. D. Stahl, he won the tournament—and the trophy he donated.

PARADE OF
SPORTSBy HENRY McEMORE
(United Press Staff Writer)

NEW YORK (AP)—It was a chilly, blustery day but golf nuts are golf nuts, even though they are tennis players, and so mid-afternoon of yesterday found me teeing off with Ellsworth Vines and George Lott at the Pomonok Country Club.

The bet was a \$1 nassau all the way 'round, which made it possible for me to lose six dollars. I did. Vines, who hits as sweet a tee shot as any pro could want, was out in 36, one over par, and back in 37. Lott had a 41 going out, and bettered this by one shot coming home. This was a shade too good for me, even though they allowed me to tee up in the rough and gave me a "mulligan" off three tees, a "mulligan" being the right to hit a second shot worse than your first.

But I believe I got \$6 worth of tennis information. I could easily have picked up \$12 worth had I been able to hit a ball in the fairway and thus walk more with Vines and Lott.

Vines' chief ambition in life right now is to get Vincent Richards to play him for a side bet of any amount brother Richards will name, providing its \$5,000 or more. Richards got under the Californian's skin with his recent interviews with New York tennis writers in which he charged Vines with being afraid to play him at singles.

"Vinnie plays a pretty fair game for a man of his age," Vines said during a trip to the rough to help me hunt my ball, "but if he can beat me so can Kate Smith."

"If he ever plays you for money," chimed in Lott, who was also looking for my ball, "please cut me in on your side. You'd better not let too many people in on the bet, however, as you'd have a line forming for a mile outside your door. I have no doubt but what Richards would get in it, himself. Hell, you could beat him in three sets in an hour."

Vines thinks the United States Davis Cup team is in for a surprise when it meets Japan in San Francisco late this month.

"The boys better not take that one too lightly, else they won't be around to play Australia. Japan's got one hell of a swell player in that Jiro Yamagishi, or whatever his name is. When I was in Japan I played him seven times and the worst he got out of it was five wins and a draw. Budge is no cinch to beat him, and I believe he can take Frankie Parker—if Parker plays as planned—in four sets. Jiro is the only Jap I ever played who didn't have trick shots. Most of his countrymen, you know, are so unorthodox they can hardly hit the ball. But not Jiro. He plays 'em all right, and there are few better backhands in the world than his."

Vines hit a brassie to the green and expressed the opinion that it was a swell shot, and that Germany probably would meet England in the challenge round for the Davis Cup. He gave as his reason the fact that the Germans are better balanced than this country or Australia.

"Von Cramm," he said, "is as good as any amateur singles player in the business, and in Henkel, Germany has the best No. 2 player. Our No. 2 man, no matter who is chosen, won't be as good as Henkel. The same is true of Australia."

Lott was a sound dissenter. "The edge belongs to this country. Budge will win his two singles matches and the doubles team of Budge and Mako will win the third point in a breeze. How can the doubles team miss? I'm coaching it. That makes it a cinch."

"I hope you're right, coach," Vines answered, "but when you start making any team a breeze over Crawford and Quist you're screwy."

They started arguing, but I can't give you the outcome because I hooked a spoon into the woods and was forced to depart.

Each year for 31 years the Wisconsin conservation department has planted at least one hundred million fish in state waters.

BUSINESS SEEKS PROTECTION AGAINST STRIKES BY LABOR

By C. L. SULZBERGER
United Press Staff Correspondent

WASHINGTON, (Copyright, 1937, By United Press)—Business and industrial pressure for government protection against strikes was forecast today by well-informed persons.

Legislation safeguarding industry against gains made by labor under the Wagner Labor Relations Act, it was reported reliably, will be discussed at three important meetings of business leaders here within the next two weeks.

It was learned on good authority that a group of congressmen—probably led by Senator Robert F. Wagner, D. N. Y., author of the labor act—

would organize to defeat such proposals if they are offered as amendments to the Wagner measure at this session.

The National Association of Manufacturers will hold a board meeting next week, primarily to discuss effects of the Supreme Court decisions upholding the labor act. A spokesman for the organization said a means will be sought legally to give labor a "genuine responsibility for its actions."

The United States Chamber of Commerce holds its annual meeting April 26. It is understood that employee-employer relations will overshadow all other matters to be discussed.

INTERVENTION DELAYS STRIKE

(Continued from page 1)

vice-president of the Brotherhood of Locomotive Firemen and Enginemen, and C. H. Smith, vice-president of the Brotherhood of Railway Trainmen.

The notice said:

"We have notified the Southern Pacific officials by letter that the men will quit the service Friday at 6 p. m. unless a satisfactory settlement is reached before that time."

The dispute concerns a controversy among four railway brotherhoods concerning the jurisdiction rights of the respective unions and was not an issue between the men and the railway, it was reported.

El Dorado Man Is Given \$200 Fine

E. A. Ricketts of El Dorado, charged with drunken driving, appeared Wednesday in city court before Police Judge Eugene Creed and pleaded guilty. He had been arrested by officer D. W. LeBourveau.

The court fined Ricketts \$200, imposed a period of six months probation and revoked his license to drive for six months. When Ricketts surrendered the license, according to the court, it was found to have expired, anyway.

Installation For O. E. S. Chapter Set

Two officers, named at the April 12 meeting of Fallen Leaf Chapter, No. 90, O. E. S., will be seated at the chapter meeting on the fourth Monday of the month, April 26.

Mrs. Isabel Volz will become associate matron, succeeding Mrs. Evalyn Chamberlain, resigned, owing to removal from the vicinity, and Mrs. Edna Simpson will take the post of Adah.

caller Wednesday from Georgetown. Ranger R. C. M. Berriman was a

As a part of the national campaign to boost canned pear sales, Katherine Kitchen will speak on uses of pears in cooking in her Friday radio chat on station KFBK. Our information does not give the hour of the broadcast.

Mr. and Mrs. Thomas Ward, Mrs. Charles Martin and Mrs. Maude Campion, were visitors Tuesday at Sacramento.

PLACERVILLE BANK WORKER WED. MAR. 27

"At a quiet but impressive marriage service performed by Rev. Boren at Kenwood last Saturday, Miss Anita Dalquist of El Verano became the bride of Andrew G. Anderson, young banker of Placerville, formerly of Sonoma, says the Sonoma Tribune-Index of April 2.

"The bride is the eldest daughter of Capt. and Mrs. J. Dalquist of Sonoma Valley and an esteemed young lady of this section. She is a graduate of the Sonoma high school and has many friends who will wish her and Mr. Anderson many years of happiness together.

"Following the marriage there was a family reunion and dinner at the Dalquist home. Mr. and Mrs. Ivan Anderson of Schellville were among those present."

Mr. and Mrs. Anderson are at home in the Meredith apartments. Belatedly, we offer our good wishes.

Tris Speaker Faces 6 Weeks In Hospital

CLEVELAND (UP)—Tris Speaker, baseball immortal, injured Sunday in a fall from the second story porch of his home, showed continued improvement today. He was expected to be hospitalized for another six weeks, undergoing treatment for a fractured skull.

BIG CANYON IS PLANNING WORK

(Continued from page 1)

the creek to install 360 feet of 78-inch pipe which will carry the waters of the creek across the hole through which the water has been flowing into the mine and release it again below the caved area.

Upon the completion of this work, the company hopes to proceed with unwatering to an extent sufficient to permit strip mining, which will be contracted. This will take off the "overburden" which will be dropped to the number one level of the mine and from there proceed to milling.

Mr. Basham said it is not believed that the mill will begin operations be-

First Grade Pupils Entertain Parents

The April meeting of the Smith Flat P.T.A. was held April 9 with Mrs. Grace Goldman, the new president, presiding. Most of the business of the meeting was devoted to preparations for the supper at the dance on April 17. Mrs. Wanda Jacquier is supper chairman.

Mrs. Florence Lumsden presented her first grade pupils who gave an interesting demonstration of the modern method of teaching reading. Refreshments, a "white elephant" grab bag and a social hour followed.

fore June 15 and although he did not say so, he left the impression that work will have to go ahead precisely upon schedule if mill operation is to be achieved by that date.

YOUTHS' HALL IS UNDER WAY

(Continued from page 1)

rooms, and a lavatory.

The main room will have a fireplace. L. J. Anderson, chairman of the committee in charge, reports that funds which have been subscribed and raised otherwise for the building are about exhausted and additional funds will be needed. Money contributed to the project so far includes \$250 each by the Legion post and by Placerville Lions, \$27 by the Placerville 20-30 Club and \$63 raised by a benefit show.

The immediate problem is financing the plumbing for the building. The building has been erected of logs sawed with the bark on and put together in such a manner as to resemble something of a log cabin from the outside. It is hoped that it will be possible to use knotty cedar for the interior finish.

Dr. Anderson reports the following contributions of materials and labor to the project: John A. Winkelmann, pay for one day's labor for one man; Diamond Springs Lime Company, 30 tons of rock; Round Tent Feed and Fuel Company, hauling four loads from Diamond Springs; Henningsen Bros., hauling four loads from Diamond Springs; Michigan-California Lumber Company, two thousand feet of surfaced sheeting; J. N. Weber, five hundred feet of rafters; The Diamond Match Company, one keg of nails; The Placerville Fruit Growers' Association, three kegs of nails; Sterling Lumber Company, cement at cost; Bob Robertson and crew, concrete forms put in free; Tom Bryan and crew, one day of labor free; Sierra Nevada Post No. 2680, V. F. W., fireplace to be built; Albert Rupley, two thousand feet of

SPAIN BLOCKADE MADE EFFECTIVE ON APRIL 19th

LONDON (UP)—The non-intervention committee representing 28 nations today fixed midnight, April 19, as the date for the Spanish neutrality control program, backed by the warships of four powers, to be put into effect.

Under the scheme, war supplies and volunteers will be excluded from Spain by a control system of land agents at frontier points and a naval patrol in which Great Britain, France, Germany and Italy, will supervise sections of the Spanish and Portuguese coasts.

Dino Grandi, Italian ambassador announced today that Italy agrees to resume discussion of the recall of foreign volunteers from Spain.

Ambassador Grandi's announcement was made at a session of the sub-committee on non-intervention.

Harlan Is Appointed To Georgetown Post

C. E. Harlan, junior forester on Eldorado Forest for some months past under a temporary assignment, has been named to succeed Walter Puhn as assistant ranger on the Georgetown district under Ranger R. C. M. Berri-man and will take up his duties the last of this week.

Mr. Harlan came to Eldorado Forest from the California Forest Experiment Station at Berkeley and now goes to fill the vacancy created by the advancement of Mr. Puhn to a district-rangership on the Los Padres Forest.

Mrs. Irma Lawyer and daughter, Miss Ethel, were visitors on Thursday from Lotus.

cedar planks; Charles Molinari, hauling cedar.

CUTE—Wearing a cute but rather shy smile, here is Montagu Norman pictured as a solitary spectator on Chiswick Bridge, near Middlesex, England. The quiet pose hardly does him justice, for he is master of millions as governor of the Bank of England. Recently he was re-elected to the post, to serve his 17th term.

DIVORCE CAUSE TOLD IN STUDY

Marriage "On Rocks" In First Quarrel, Says Educator

DETROIT (UP)—The day the world ends for romantic young couples—when the first love affair crumbles into the dust of disappointment—has an important bearing on the permanency of later marriage.

That's the belief and preaching of Dr. Frank D. Slutz of Dayton, Ohio, educator, home-counselor, and Wayne University lecturer. He advises young people that the boundaries of acquaintanceship should be extended far before selecting a life partner. This wide experience is vital, and if it isn't obtained before marriage, he believes, it will be afterward.

Dr. Slutz, out of his experience and study in human relations, has compressed his findings into five points, which he believes must be given consideration if marriage is to be a success.

His considerations:

1—Health. "This is the most important," Dr. Slutz says, "for any marriage will be wrecked if it is revealed one has married a hospital."

2—Family background. "Young couples must not demand a blue-book listing of the one they marry, but marriage rarely is a success if the family you've married into is different from any kind you've ever known or liked."

3 Reasonable likeness in personality. "There should be a reasonable sameness of impulses and ideals, because if there isn't, you fuss and fuss; you may make up, but you never take the wrinkles out. And there should be some physical likeness. Many a disaster has resulted from the marriage of a massive man to a vest-pocket girl."

4—Character "There must be a loyalty to the written-in laws of the constitution of life. In the 'post-cosmetic' day when skin-beauty has passed, character will carry you through."

5—Fascination. "You've got to love each other a lot. You cannot love a cheap mate for long; your needs won't be met. If you'd avoid this kind of mismatching, don't be cheap yourself."

The home, Dr. Slutz believes, is the cornerstone of democracy, out-reaching clubs, fraternities, colleges and other institutions. "Nothing can satisfy the need of life like home," Dr. Slutz said. "The lack of a home gives a person a peculiar twist," and if your marriage is to be a success, "the home must be considered seriously."

COUGARS NEAR LEAGUE TITLE

Championship Battle At Sutter Creek On Friday

STANDINGS			
	W	L	Pct.
El Dorado	4	0	1000
Sutter Creek	3	2	600
Jone	3	3	500
Jackson	0	5	000

If Coach L. A. Brown's El Dorado County high school Cougars can take the measure of the Sutter Creek high school nine on Friday afternoon, they will clinch the Mother Lode league baseball championship.

If the tide goes against them, the Cougars will have to play their last game of the schedule, against Jackson, and win it in order to take the title.

The Sutter Creek game will be played at Sutter Creek and will start about 3:15 o'clock.

On Wednesday the Cougars were at Jackson where they set the Amador county seat nine down, 6 to 1, behind the excellent hurling of Chet Carsten.

Although Carsten yielded five hits, he kept them well scattered, and snarled 12 strikeouts. Meanwhile the Cougars took eight hits and made them good for six runs.

The Jackson hurlers were effective at times and not so effective at other times and a curious feature of the game was that there were no extra-base clouds on either side.

The short score:

	R.	H.	E.
El Dorado	6	8	0
Jackson	1	5	1

Batteries: Carsten and Ward; Vukajolovich, Vastlovich and Aime.

Floyd Love, arrested on a charge of being drunk and disorderly, was found guilty Thursday before City Judge Eugene Creed and was placed on probation for 90 days. Judge Creed cautioned Love that a second offense would mean a jail term.

Poultry Management Meeting On Tuesday

The Farm Advisor's office announces a meeting on Poultry Management, under auspices of the University Extension Service, to be held at the William Dunn ranch at Missouri Flat on Tuesday, April 20, at 2 o'clock.

W. E. Newlon, extension poultry specialist, will discuss culling, feeding, diseases and other phases of the subject.

The attendance of all interested parties will be welcomed.

Mrs. George Smith Saturday Hostess

Mrs. George M. Smith was hostess on Saturday afternoon at her home to seven friends who gathered for a desert bridge party. These included Mrs. Lillian Wilkinson, Miss Inez Veerkamp, Mrs. Cecil Barker, Mrs. George Paugsted, Mrs. John Luse, Mrs. H. B. Murphy and Mrs. Walter Jenkinson. Spring flowers were used in decorations.
